DETAILED ACTION

Drawings

The drawings were received on October 23, 2003. These drawings are accepted by the Examiner.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, between lines 1 and 2, "This application is a divisional of Serial No. 09/788,081; filed on 2/16/2001" has been deleted and replaced by -- This application is a divisional of Serial No. 09/788,081; filed on February 16, 2001, now U.S. Patent No. 6,669,805 B2.--

2. The following is an examiner's statement of reasons for allowance:

The closest art of record fails suggest or provide motivation for the recited removable adhesive consisting of a liquid in combination with the stack structure. Moline et al. (USPN 3,464,883) discloses an adhesive product that contains a liquid adhesive which adheres the label to another surface. Hatch et al. (USPN 4,929,370) and Weinreich (USPN 5,435,671) are both directed towards stack structures with layers adhered together with adhesive, wherein the

adhesive either contains solids or is a solid. Therefore, the closest prior art of record fails to anticipate or render obvious the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
